Preamble Poem

We the people in unity stand,
To form a force, across the land.
The promise of a perfect union graced
The seeds of our nation planted.

Justice, peace and liberty,
We the people shall remain strong and free.
Creating a nation for me
That is our constitutions decree

Securing prosperity through promoting welfare
May our homes be safe everywhere
With this right comes a creed,
Act with caution, not with greed

We the people in unity stand
The sake of our children in hand
A written promise for them to pursue
A promise to our nation, forever true.
